ACCESSORIES OF THE MONTH

Don't be shy about showing your fake side – this fall, faux fur is everywhere. If you're worried the luxurious fabric looks too showy, try a touch of the soft stuff by trimming the hood of your coat or by way of furry accessories. We love these winter warmers.

LOOK WHAT WE FOUND CRABTREE AND EVELYN ULTRA- MOISTURIZING GEL BOOTIES, \$28

While you may be inclined to pass these socks by, trust us – you'll want to take a second look (and a sniff). Their supersoft terry cloth layer cuddles sore and tired end-of-day feet, while the shea butter, vitamin E and refreshing peppermint oil cocktail (infused into the socks) leaves your skin feeling über soft.

GREENER PASTURES
